# A Year in the Life. . . of Your Baby

This is how the program works:

You will receive four sessions during your baby's first year. You can choose how to space them out over a 15 month time frame: such as 3 months, 6 months, 9 months and one year or maternity, newborn, 6 months and one year.

When all sessions are completed, you will receive a beautiful, twelve page, 7"x10", hard bound book filled with 12 pages of your baby's most precious photos from the sessions.

All of this for only \$475. (Payable at your first session.) This represents a \$125 savings over sessions and book purchased separately.

Of course you can always purchase portraits along the way if you don't want to wait till the end for just the book.

For only \$620, you would receive the sessions, the book, and also a 5"x10" mounted digital composite from each session. One easel to display the composite on your desk or shelf is included with your first session.

You save \$175 on this package.
